EXPERT TELLS OF ECONOMIC ILLS OF WAR

SIZE OF NATIONAL DEBT NEED NOT BOTHER PUBLIC, FORUM SPEAKER ADVISES

CENTERVILLE — The third address on the public forum series being given every Monday night in the Washington High school auditorium, sponsored by the evening high school, was delivered Monday night by Professor Frank Kidner, lecturer on economics at the University of California on the subject, Economic Consequences of Defense and War.

The speaker gave a scholarly exposition in simple words of the theories behind inflation, price pegging, supply and demand, taxation, the national debt, and allied subjects.

An absolute master of his abstract subject he readily answered questions put to him by the audience at the close of his address and made the startling statement that the size of the national debt, which may rise to 200 billion dollars before this war is over, really need not concern the public, so long as the debt was a domestic and internal matter. ,,

— The Public Pays

He said the congress had every constitutional right to print all the currency it needed to pay for the new armaments, but that, if it did, the dollar would be further devalued and inflation would ensue.

The government preferred, and is using, the alternative of taxing the public and offering them defense bonds, the first to reduce the public's buying power in order to reduce the public demand for luxury goods the manufacture of which is now reduced by the diversion of the same raw materials to the building of weapons of war.

When you reduce the supply of any popular article you increase the demand for it, and dealers who stock such items naturally raise their prices to conserve their stocks. Rising costs require increased wages, and vice versa. The government taxes in the effort to absorb the increase in the public's rising incomes.

— Bonds for Banks

The government could also raise money for defense purposes by issuing bonds to be bought up by a limited class of investors: the banks, corporations and trust companies; but prefers to have the public participate in providing the cost of defense by buying small

Howdy Folks: We heard about a man slightly inebriated who was taken before the court and couldn't stop talking. The judge did manage to get in a short sentence, so the story goes.

✣ ✳ ✣

Never try to kid the judge, the day of the court jester is past.

✣ ✳ ✣

We wonder if the reason they call money "jack" is because it lifts such a load off your mind.

✣ ✳ ✣

One of our customers unburdened himself with the remark that it's an ill wind that blows a saxaphone.

✣ ✳ ✣

Other customers remark how well pleased they are with our Bonnie Maid Linoleum rugs.

✣ ✳ ✣

You would be too.

✣ ✳ ✣

GOOD PLACE TO LIVE

Japan is sending ships to evacuate its loyal subjects on United States soil.

So . . . the Eden Japanese Association conducted a survey of some 1,000 Japanese here to determine the number desiring to return to their native country. The total was . . . . . None. — Hayward Journal.

TAX COLLECTOR IN CENTERVILLE ALL DAY TUESDAY

(Special to the Register)

CENTERVILLE — The first half of county taxes on real estate became due and payable on October 16; personal property taxes become due November 1, and both will become delinquent on December 5, according to word received here from J. F. Peralta, county tax collector.

To aid Washington Township taxpayers in receiving and paying their bills a representative from the county office will be in the Bank of America at Centerville next Tuesday, October 28 from 9 a. m. to 3 p. m.

An eight per cent penalty is invoked on first-half real property taxes if they go delinquent on April 20, and a three per cent penalty is invoked on second half taxes which go delinquent April 20.

Second half taxes are payable on and after January 20, 1942, but may be paid with first-half taxes.

Personal property taxes must be paid in full before December 20 or go delinquent at that time.

DISTRICT GOVERNOR VISITS ROTARY CLUB AT NILES

Rotarians of Niles extended the hand of welcome on Thursday to Paul Clairborne, governor of this Rotary district. Mr. Clairborne attended the regular meeting of the local Rotary club in his capacity of District Governor. Edward A. Quaresma, president of the Rotary Club of Niles says that the District Governor advised and assisted the officers and committeemen of the club on administrative matters and on matters pertaining to Rotary service activities. Mr. Clairborne was nominated Governor at the

Paul Claiborne

conference of this district held May 20 at Sacramento, and was formally elected at the 1941 Convention of Rotary International in Denver, Colorado, last June. ,

Clairborne is engaged in the credit bureau and general insurance business in Auburn, California and is a member of the Rotary Club of Auburn. During the year he will visit each of the 48 clubs in Northern California and Nevada Region which comprise the 105th districts. Mr. Clairborne estimates that his official visits to Rotary clubs will require travelling a total of appoximately 10,000 miles.

He will hold office until the 1942 Convention of Rotary International which will be held in Toronto, Ontario, Canada, next June.

VENISON BABECUE

CENTERVILLE — The employees, the softball team and their wives of the Central Chevrolet company were treated to a venison barbecue recently, when they feasted on three bucks brought down before the close of the season last week by John Re, sales manager, Johnny Caccagno, office manager and Dan Re of San Francisco.

UNITED STATES NAVY NEEDS MEN; NATION-WIDE RECRUITING CAMPAIGN STARTS IN TOWNSHIP NEXT WEEK

The Navy needs men to man its two-ocean fleets.

The ships are being launched faster than men can be recruited to man them. Last March the enlisted strength was jumped from 200,000 to 286,000 officers and men. The normal Naval Recruiting Service got into high gear and signed up 6,000 men per month over the nation.

Before they could get their breath the government jumped the enlisted strength from 286,000 to 369,000 men. While the army can get all the men it wants by means of the draft, the Navy is still a volunteer Service. So the Navy is earnestly asking the public to help,

These startling facts were delivered by Commander Reynolds of the Naval Recruiting Service in San Francisco before a luncheon given Tuesday noon in the San Francisco Press Club for more than 200 newspaper publishers who came all the way from Tulare County on the south to Eureka on the north.

Starting next week, every newspaper office in California cities under 50,000 population is to become a Naval Recruiting office. For the first time in the history of the United States the government is using paid advertising in newspapers in order to make an ALL-OUT effort to enlist as many young men as it can, as soon as it can.

Veterans organizations, service clubs, womens organizations, anybody and everybody are being asked to assist in the effort to find and send acceptable young men to help man America's first line of defense.

A test advertising campaign was run in the smaller newspapers of Iowa, Indiana and Missouri during July, and recruiting in those states increased from 300 to 400 per cent.

Advertising for the United States Navy will begin in the next issue of this newspaper. The advertisements contain much vital information and should be read by every man, woman and young man.

The situation is becoming increasingly serious — the nazis have sunk two American ships so far, just as feelers, no doubt; and Americans are being called upon to

DO THEIR DUTY!

Further information may be had at the office of The Township Register by anyone interested;— and who isn't??

Representing Southern Alameda County newspapers at Tuesday's luncheon were Mrs. George Oakes, The Alvarado Pioneer; Miles Smith, The Centerville News; Maitland Henry, The Livermore Herald, who accompanied Walter Waynflete, publisher of the Township Register at Niles.

CRASH PLACES TWO NILES MEN IN HOSPITAL

LIVERMORE — Steve Cambra, 21 and his brother Clement, both of Niles, were both brought to the Livermore Hospital on Monday, October 13 following the collision of their coupe with a truck and trailer at an intersection near here that night. The driver of the truck, Ted Mason, 21 of Corcoran, was not injured.

Steve sustained a neck fracture and a broken right arm, Clement a broken nose and both suffered severe lacerations. The light coupe was demolished and the truck, which ran up on a bank, was extensively damaged. Patrolmen believe the truck was traveling at a high rate of speed when it struck the car on its right side.

ZWISSIG BROTHERS PLACE FIRST IN TRI-COUNTY TESTS

DECOTO — Animals in Zwissig Brothers dairy herd placed first in the September tests of the Cow Testing association of Alameda, Santa Clara and San Mateo counties, according to Tester Howard C. Pond.

Their high cow was a Holstein giving 74.3 pounds of butter fat and their heifer, also a Holstein, placed first in the three-county lists with 58.7 pounds of butter fat.

Zwissig Bros. had 26 new heifers come into the strings for the September test ith the phenomenal average for the entire group of 41.1 lbs. of fat from 1109 lbs. of milk. These heifers produced, according to the test. 28.848 lbs of milk containing 10.684 lbs of fat. At the current price of butterfat. these babies did quite well for themselves and their owners.

Such heifers are not accidents, but the result of many generations of GOOD purebred bulls, selected with an eye for dams, which should be a pretty good indication of the sort of daughters they should sire. They are the life's work of some good breeder and not above the possibilities of any good dairyman who raises his own replacements. The report points out.

The James Graham Manufacturing company at Newark closed down for the day last Wednesday so all hands could take a whirl at duck shooting.

JOIN U. S. NAVY

In addition to 11 young men of Washington Township who were released from the draft by the Niles Draft Board to join the navy two more young men left here last week to join the U. S. Naval Reserve: Henry Cesari of Niles and Billy Katzer of Newark. Both are graduates of Washington High school and both volunteered.

SHERIFF DEPUTIZES GROUP OF LOCAL DEFENSE WORKERS

ALVARADO — More than two hundred citizens of Southern Alameda county were sworn in as deputy sheriffs Monday night of last week as a meeting of the Alameda County Civilian Defense Committee held at Alvarado. The Oath of office was administered by sheriff H. P. "Jack" Gleason.

Gleason's appointments marked the closing of a school of instruction on subjects related to home defense plans. The school has extended over a period of more than ten weeks, during which experts in fire prevention, police methods, traffic management and the law of arrests have lectured to the group.

Following the deputizing of the men the entire group elected permanent officers as follows.

Chairman, Don Bates of Centerville; vice-chairman, William T. Davis of Castro Valley; secretary, James C. Wasley, of Alvarado.

The group will continue its meetings on the first Monday night of each month.

The general group was split up into community committees, which elected chairmen. The community chairmen are as follows:

James C. Wasley. Alvarado; R. B. Benbow, Irvington; H. J. Bolyard, Newark; Wm. T. Davis, Castro Valley; L. W. Musick, Decoto; Henry L. Hopkins, Ashland; Don Bates, Centerville; Jack Duke, Hayward Acres, and E. J. Glassbrook, of Tennyson.

TAX RATES GIVEN FOR TOWNSHIP SCHOOL DISTRICTS

A report from the county tax collector's office given to The Township Register reveals the following tax rates for the 1941-42 year for the 12 elementary schools in Washington Township.

For property in the Alameda County Water District add 25c to the rates below; in Decoto Sanitary District add $1.20; in Niles Sanitary district add 67c; in Alvarado Sanitary District add $1.68. Basic rates for all the districts are 1.35.

Alvarado school district, $2,91; Alviso, $2.68; Centerville, $2.82; Decoto, $2.96; Irvington, $2.33; Former Mowry, combined with Irvington, $2.38; Lincoln. $1.85; Mission San Jose, $2.84; Newark, $2.41 Niles, $2.85; Stony Brook, $2.77; Suno lGlen, $1.65 and Warm Springs, $2.73.

Sanitary district special assesments follow: Alvarado, $1.68; Decoto, $1.20; Irvington, 15c; Niles, 67c.

Township county fire district special assessments follow: Alvarado, 60c; Centerville, 26c; Decoto, 18c Irvington, 20c; Mission San Jose, 24c; Newark, 18c; Niles, 18c.

The mosquito abatement district tax is but 1c, according to a condensed printed report from the tax collector's office.

SCOUT CAMPAIGN BEING CONCLUDED BY OCTOBER 31

The annual drive for funds to support Boy Scouting activities throughout Washington Township is being carried forward at present by solicitation committiees in our various communities, in the expectation that the goal can be reached by the end of this month.

E. D. Bristow, chairman at Niles has appointed the following solicitations committee: Mrs. C. N. Myrick, Harvey Braun, Ed Enos and Vernon Ellsworth. In the event these people do not contact you, donations may be made to them by mail or in person.

The Japanese citizens of the Township presented the committee with a check for $105 several weeks ago, and it is hoped the drive can be completed by Hallowe'en.

— Drive slower, save gas!—

AIR WATCHERS TO HAVE TEST IN DECEMBER

OAKLAND — Tentative plans have been completed for a test maneuver early in December by which California's Aircraft Warning System will be given its first tryout, Brigadier General William Ord Ryan, Commanding General of the 4th Interceptor Command, stated today in a communication to District Attorney Ralph E. Hoyt, County Organizer of the Ground Observer System for Alameda County.

"Most of the counties of California will participate in the maneuvers," General Ryan wrote Mr. Hoyt, and added, "I am happy to inform you that from our records your county is completely organized."

General Ryan explained that the latter part of November must be devoted to technical arangements such as routing calls, preparing filter center plotting boards and training observers.

"In many cases, chief observers already have their crews in training. Additional and detailed instructions to chief observers will be issued as the program progresses" General Ryan said. He stressed the importance of constant alertness on the part of all observers to guard against inroads by "enemy" airplanes.

"We wish to have every observer clearly understand that his job has been well done as long as he faithfully stands guard whether he ever reports a flight of airplanes or not" wrote General Ryan. "His principal duty is to stand watch and be prepared to report a flight of airplanes instantly, should one appear. This is necessary if the ground observer system is to be at all successful.

"In war, the enemy never tells where he is going to strike. To make a maneuver realistic, conditions of war must be simulated. There will be other posts over which airplanes may fly only during the last half day of the maneuver. Full watch must be kept at all times since the most important reports may be required from observers on the last hour of the maneuver, although until that time they have not heard so much as the drone of a motor.

"The motto of the Ground Observer System might well be: 'He also serves who only stands and waits'."

The condition of Dr. L. S. Anderson, Irvington physician is improving at the Hayward hospital where he was taken several days ago following a stroke of paralysis. He will be confined to the hospital for some weeks to come.

Coming Events

FRIDAY

3 p.m. Washington Huskers play Los Gatos at Los Gatos.

Fall bazaar at Odd Fellows hall for Corpus Christi Church in Niles and Decoto. Continues tomorrow.

SATURDAY

8:30 p.m. Newark Blue Bird clubs 22nd. Hallowe'en Ball at Newark Pavilion, benefit Community Christmas tree fund.

SUNDAY ,

Bass fishing trip off San Pablo for members Niles Sportsmens club.

8 a.m. Mass and breakfast open district communion, K. of C. at St. Joseph's Church, Oakland.

MONDAY

10 a.m. Sixteenth District PTA meets at Willard Junior High, Telegraph and Ward streets, Berkeley.

8 p.m. Dr. Robert Kerner speaks at public forum on What Kind of Peace may we Expect? at high school auditorium.

2 p.m. Niles Native Daughters public card party in Odd Fellows hall.

2:30 p.m. PTA meets at Centerville Elementary school.

PRESBYTERIANS AT CENTERVILLE TO ENJOY "NEW" CHURCH

CENTERVILLE — The Presbyterian congregation will meet in their "new" church for the first time next Sunday morning. With new foundations, new roof, new wall paper and paint, new lighting fixtures, new glass, and new stove, the church feels like a bird with a brand new crop of feathers. The members are inviting all their friends to come to the service next Sunday morning when the pastor will preach from the text "I was glad when they said unto me Let us go into the house of the Lord." uniting in the Centerville services for the winter months. St. James Episcopal church has united with the two Presbyterian churches in joint Sunday School.

The repairs on the church have been made by R. A. Griffen as contractor.

You will find the NILES THEATRE program in this issue

CHRISTIAN SCIENCE CHURCHES

In all Christian Science churches branches of The Mother Church, The First Church of Christ Scientist in Boston, Massachusetts, a Lesson-Sermon was read Sunday October 19, on the subject "Doctrine of Atonement." The Golden Text was: "There is one God and one mediator between God and men, the man Christ Jesus; who gave himself a ransom for all to be tesified in due time," (I Timothy 2: 5, 6).

Bible selections included the following passages from Micah 6: 6, 8: "Wherewith shall I come before the Lord, and bow myself before the high God? shall I come before him with burnt offerings, with calves of a year old? . . . He hath shewed thee O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy and to walk humbly with thy God?"

A passage from the Christian Science textbook, 'Science and Health with Key to the Scriptures" by Mary Baker Eddy, was also included, which reads as follows: "We must not seek the immutable and immortal, through the finite, mutable, and mortal, and so depend upon belief instead of demonstration, for this is fatal to a knowledge of Science. The understanding of Truth gives full faith in Truth, and spiritual understanding is better than all burnt offerings." (p. 286).

San Francisco's Montgomery Street is called the "Wall Street of the west."

THE IRVINGTON COMMUNITY CHURCH

Regular services on October 26th.

10:00 a.m. Church School.

11:00 a.m. Church Worship.

6:00 p.m. High School Christian Endeavor; Roland Adams leader.

7:30 p.m. Evening service featuring the C. E. choir.

"The Eternal Purpose of God" is the subject of Mr. Kirk's morning sermon, which will be the third in a series of messages on the central doctrines of the Christian faith.

In the evening at 7:30 the Christian Endeavor choir will sing a group of selections as a central part of the worship and praise service.

The Young People's Bible Forum at 10:00 o'clock will hold its second meeting. All young people of high school and college age are invited to have a part in this program.

ST. JAMES EPISCOPAL CHURCH

Centerville

Rev. Arnold J. Nash Rector.

11 a. m. Morning Worship.

7:30 p. m. Evening services.

TELEPHONE COMPANY CONSERVES MUCH DEFENSE METAL

A saving of more than five million pounds of metals vital to defense needs, including enough aluminum to build more than 275 fighter planes, is being effected by the Bell System this year through a materials substitution program, according to W. B. Sutherland, local manager of the telephone company.

Made possible through long range planning, research and readjustments in manufacturnig, the substituting of materials in 1941 will divert for use in defense work nearly 1,700,000 pounds of aluminum, almost a third of a million pounds of nickel, well over three million pounds of zinc and 8,300 pounds of magnesium. Additional reductions are foreseen for 1942.

The Western Electric Company, manufacturing arm of the System, now saves 65 tons of aluminum annually by replacing aluminum with steel in the "finger wheel" on dial telephones. This is only one of many items of telephone equipment in which aluminum is being replaced by other materials. The total saving of aluminum is enough to build more than 275 military planes other than bombers, or half as many bombers, in accordance with the estimate of the aeronautical Chamber of Commerce of America that the average non-bomber requires three tons of aluminum and the average bomber six tons.

SUNDAY WEDDING

NEWARK — Miss Margaret Helene Schelbert, daughter of Mr. and Mrs. Charles Schelbert of Newark will be married Sunday afternoon at one o'clock at the Holy Ghost church in Centerville to Frank Joseph Reichmuth. A reception will be held at the Swiss Park in Newark following the ceremony where hundreds of relatives and friends are expected to attend. Miss Schelbert has lived in Newark many years, and is a graduate of the Washington Union High school at Centerville.

TOWNSHIP PLANS ART OBSERVANCE DURING NOVEMBER

In compliance with the desire of the American Artists Professional League that all organizations observe art activities during the first week of November, the Country Club of Washington Township is planning an extensive art exhibit in their Centerville Clubhouse on Tuesday, November 4th under the direction of Mrs. Roland Bendel, general chairman of programs, a full day's activity is scheduled. Senior classes and art classes from every Township school will be the guests of the club at a pre-view of the exhibit between 11 and 12 in the morning. The regular club meeting will begin in the afternoon with the club house open at one o'clock so that members may see the exhibit. In the evening the club is holding open house to the Township's Men's club. Business and Professional Women, and Arts and Crafts, as well as to all exhibitors. The clubhouse will be arranged by Miss Phoebe Ormsby, Centerville district representative of the American Art League, assisted by Mrs. Bendel and a group of club members.

An outstanding feature of the exhibit promises to be a group of master paintings gathered from about the Bay area by Ethel Grau Southern Alameda County representative of the league. The privilege of viewing these paintings is considered one of the finest art treats the Township has ever been given. Mrs. Grau has also promised to exhibit a group of the work of a small group of Niles children whose art work she has been watching and assisting. Each school has also promised a small exhibit.

The Club members are anxious to exhibit any work of local Township residents and beg any such to communicate with either Miss Ormsby or Mrs. Bendel well before November 4th. All arts and crafts will be represented except needlework. Because the club having a flower arrangement tea on Friday, October 31, there will be no flower arrangements at the art exhibit. Mrs. W. L. McWhirter, club decorations chairman, has promised 2 or 3 pieces of living plants in art. something that we think has never been shown in Washington Township before. An excellent speaker for the afternoon meeting is anticipated and guests are to be invited for the meeting. so that as many people as possible may see the exhibit.

HALLOWE'EN PARTY

Friday night the Niles Rebekah Lodge entertained out-of-town guests. Doris Knight, Noble Grand of the San Leandro Lodge gave several vocal selections. Alma Liegel, District Deputy President of District Seven, Marian Bergstrom and Alice Bullock, Past District Deputy Presidents were guests of honor. Halloween decorations featuring pumpkins, corn stalks and autumn fruits were used. To give a final Halloween touch skeletons were in evidence and Mrs. Fern Mitte, chairman of the arrangements committee, and her assistants were garbed in white shrouds.

Arthur Abrott, Pleasanton district rancher who lost an arm by amputation following the accidental discharge of a hunting rifle some weeks ago, underwent an operation on the stump of his arm last Friday at the Livermore hospital.

MASONIC HOME NEWS

By J. H. HEATH

Eight hundred delegates of the Masonic Grand lodge of California assembled in San Francisco, October 14-17, and their ladies were at the home in the afternoon of the 15th for the annual excursion. The trip was made in 20 of the larger size sight seeing busses, with Past Grand Master C. M. Wollenberg of San Francisco, president of the California Masonic Homes trustee in the role of director-General. The time was spent in visiting with 300 members of the plant. Refreshments were served in the large dining room.

Lloyd E. Wilson, Grand Master, and several of the high officials and numerous Past Grand Masters were present. The visitors were pleased to meet the new superintendent, James R. Eubanks, Matron Virginia M. Lord and Dr. Priestly Osborn, resident physician.

* * *

Mrs. Amanda Snyder of Bakersfield who has headed the group responsible for making so many people happy with birthday parties, returned from a visit in the South the day before Grand Lodge visitation. On Friday, Mrs. Snyder is leaving the home for an extended tour of the state.

* * *

A. D. Horn, "Information desk", joined a jolly party of 30 Northern members of his West Lake Lodge, Los Angeles for the anuual dinner at Hotel Whitcomb, complimentary by the lodge grand lodge week. Robert C. Taylor, Master, was Master of ceremonies. Much to his regret Sam Sniffen of the home was unable to attend by reason of detention as a patient in the Home hospital. Supt. Eubanks was a guest of honor.

Cheer was brought to Mrs. Katherine Garnett of Dixon during the grand lodge excursion by a short visit from her uncle, Past Master Will H. Fischer of Los Angeles.

* * *

Mrs. Anne E. Broughtom, widow of a former Sheriff of Santa Barbara county is about to leave for an extended visit with friends in Los Angeles.

* * *

If ther's any one better acquainted with the Craftsmen, or more popular than Past Grand Master "Charlie" Wollenberg the Home reporter has not found the person.

* * *

It's in the wind that Home folks are to have a jolly costume Hallowe'en ball Hallowe'en eve or nite. "SO MOTE IT BE".

* * *

Friends of Walter P. Lynch, Home cabinet maker have sold one of his inlaid artistic tables as the result of display at the Grand Lodge visitation. Little bird says that "Walt" plans an extensive tour in his new automobile when the May flowers bloom again. An Oaklander secured the prize purchase.

More different kinds of ornamental trees can be grown in California than in any other similar area of the world.

Only 0.6 per cent of the total number of gainfully employed workers in San Francisco were involved in strikes in 1940.

HALLOWE'EN DANCE

NEWARK — The Newark Bluebird Club announced their Halloat the Newark Pavilion with Jack we'en dance for Saturday evening Kolln and his orchestro providing the music. The club is working hard to make their dance a big success and invites the public to attend. The proceeds from the dance will go towards buying gifts for the children of Newark at the Bluebird Christmas tree.

BIRTHDAY PARTY
SURPRISES TWO
MISSION MATRONS

MISSION — Mrs. Margaret Phillips of Mission and Mrs. Elva Brayovich of San Jose were very much surprised upon going to the home of Mrs. Grace Meyers on Monday to find that they were the honored guests at a birthday party given for them. Mrs. Phillips was 23 and Mrs. Brayovich was 27. The afternoon was spent in embroidering and sewing with refreshment of sandwiches, coffee and cake being served by Mrs. Meyers and Mrs. Josephine Fernandez as hostesses, at a late hour.

Those present to wish the girls good luck were Mrs. Marion Santos of Centerville, Mrs. Evelyn Harvey, Irvington, Mrs. Leroy Crook and daughter Mardelle of Irvington and Mrs. Helen Santos, Dorothy Dutra, Mrs. Maude Dutra, Mrs. Fernandez and Mrs. Meyers all of the Mission.

MASS TO OPEN
K. C. COMMUNION
SUNDAY MORNING

The annual District Communion of the Council of the East Bay District of the Knights of Columbus will start at St. Josephs Church, Seventh and Chestnut streets, Oakland on Sunday, October 26th at the 8:00 o'clock Mass.

This Annual ceremony, bringing together councils of the 9th and 10th districts, is the most important joint function in Knights of Columbus circles in this district during the year.

Following the customs of rotation, Magellan Council of Oakland will act as host council with the following councils participating: Oakland, Berkeley, Alameda, Hayward, Centerville, Contra Costa and St. Mary's College.

J. C. Alameda Jr. Grand Knight of Magellan Council is general chairman and he is being assisted by representatives of all councils in the two districts.

At the conclusion of the Communion Mass the members will adjourn to the Hotel Oakland where breakfast will be served. The principal speaker at the breakfast will be Carl W. Raggio of Alhambra, state deputy of the Knights of Columbus of California.

Attending the planning committee meeting Thursday night of last week from the Centerville council were Grand Knight Bernie Joseph, E. J. Pimentel and Anthony Silva. The local Council plans to attend the communion and the breakfast in large numbers.

SEVEN YEARS OLD

NEWARK — Patty Ann Collins of Newark celebrated her seventh birthday Saturday at the home of her parents, Mr. and Mrs. James Collins on Mulberry street when she had a birthday party for her schoolmates. Refreshments were served and games were played. Many beautiful gifts were received. Those present were Marjorie Reis, Jean Doorley, Emily Jane Scott, Barbara Johnson, Darlene Buck, Diane Reider, Michael Collins, Londa Johnson, Noney Beck and Rosemary Gunn.

Caesar DiGiulio of Newark has had to resign from the State Guard unit at Centerville as he is now on night shift at the P. G. & E. substation near Newark.

YOU CAN ENJOY
the benefits and savings of Clean, Soft Water
Every woman knows that soft water ligthtens household tasks and brings comfort to every member of the family. Makes savings, too, as clothes last two to three times longer. There are less plumbing repair bills and it costs so much less to keep your home clean and bright.
Why not modernize with a Velvet Water Softener? They are so moderate in cost, every home, large and small, can now enjoy this convenience.
YOU CAN SELECT
an H. L. G. Water Softener at a price you can afford
The range of sizes, types and prices of H. L. G. Water Softeners is so large that every home can find a model that will fit the budget.
You can have a limitless supply of clean, soft water, suitable for every household purpose, even including cooking and drinking. The first cost is so small that the savings usually pay for it in only about two or three years, with all the benefits continuing for years to come.

AUTUMN LEAVES CAUSE DANGER

Autumn leaves are beautiful when on the trees but may be very dangerous on a wet pavement. The Department of Motor Vehicles advises motorists to drive with great caution on rain soaked streets that are covered with leaves as the mixture of water and leaves provides a slippery surface on which tires may slide. Early rains, create particularly dangerous conditions because pavements have not yet been washed free of dirt.

DECOTO NEWS

Mrs. Edmund Francis

California produces the major part of the nation's almonds, apricots, avocados, dates, figs, grapes lemons olives, persimmons, plums, prunes and walnuts.

NEWARK CLUB BEATS HAYWARD, SCORE 16 TO 8

NEWARK—The Newark Sportsmen baseball team under the management of Henry Nunes won their first league game Sunday at the Newark diamond when they trounced the Hayward Acorns by a score of 16 to 8. Newark cinched the game in the fifth inning when they ran their total of runs to fifteen.

Stewart, winning pitcher, allowed nine hits and pitched great ball in the clutch though his teammates gave him very poor support. Hayward used three pitchers with Santos leaving the game at the end of the first inning allowing five hits and six runs; Freitas leaving at the end of the fifth allowing nine hits and nine runs; and Carmio pitching the balance of the game allowing two hits and one run. The game was called at the end of the seventh by the managers.

The star hitters for Newark were Tony Rivers, getting two singles, a triple, and a home run out of five clouting a home run and two doubles out of three tries: Stanley Roderick, the former sensational baseball pitcher of the United States Navy, gathering two doubles out of three tries; Edward Enos, a young prospect for a semi-pro club, collecting two doubles out of five tries; and Rufus Lebon, another sensational ballplayer, collecting two doubles out of five tries. Peptone for the losers gathered four hits out of four tries.

This winter league, which is called the Southern Division of Alameda County was formed a week ago in Oakland with the following clubs: Melrose Boosters, Machinist Union of Oakland; Ramos Drug of Hayward; Duarte and O'Niel of Hayward; Hayward Acorns. and the Newark Sportsmen. The schedule of games has not been completed yet, so fans are requested to look in the Bush Bookings of the Oakland Tribune section Saturday evening for Sunday's games.

TOWNSHIP FANS URGED TO ATTEND SAN JOSE GAMES

NEWARK — Eugene Pashote and Patricia Costa attended the San Jose State-Hardin Simmons football game Friday evening at the San Jose stadium. San Jose, for the second time this year played a tie game with their opponents. Several weeks ago Fort Ord and San Jose played a 7 to 7 tie. The star player of the evening was Aubrey Minter, a halfback on offense and a safety man on defense for the locals.

San Jose still remains undefeated for 1941 with Ben Winkleman as coach, but its record has been marred somewhat with these two tie games.

Washington Township students and their relatives and friends are urged to attend the State games. Following is the 1941 football schedule: October 24, College of Pacific, there; October 31, Santa Barbara State, here, meaning San Jose; November 8, Nevada University, there; Fresno State here on November 14, November 22, U. S. F., there; Moffett Field, here on November 28; and December 13, University of Tawaii, there. University of Hawaii there.

What California needs to prevent accidents, comments James M. Carter, Director of Motor Vehicles, is more wreckless drivers.

The lowest temerature ever recorded for San Francisco was 27 degrees F.

San Francisco5s first telephone directory, issued in June, 1878, had one page and listed 150 names.

Mt. Tamalpais towers 2600 feet over San Francisco Bay.

It's a friendly Business

"For the past few days one of your men has been perched high on a telephone pole outside the window of my home...

"Since his position was above the roof of my house, he could see that my radio aerial was down.

"Imagine my surprise when on his own time on his noon hour this man... brought the company's ladder, climbed up to my roof and repaired the broken antenna.

"Because of his kindness my wife and I are this night able to listen to our favorite programs."

We suspect that it gave this telephone man much pleasure to render that courtesy. It's a friendly business — attracts friendly people.

SAN FRANCISCO AUTO SHOW DISPLAYS SPEAKLING MODELS

SAN FRANCISCO — San Francisco's 26th Annual Pacific Automobile show opened Saturday to a record breaking crowd at the San Francisco Civic Auditorium with a colorful display of the new 1942 models of the motor industry in front of a patriotic backdrop of red, white and blue bunting and flags, which were indicative of the important part the automobile industry is playing in the all-out defense effort of the U. S. Government.

Featured attraction on the stage of the Auditorium was Bob Hope, the nation's foremost comedian and entertainer, who was supported by members of his radio troupe including his popular stooge, Jerry Colonna, and Skinnay Ennis with his orchestra.

The crowd which enthusiastically cheered and applauded Hope and his entertainment stayed to inspect the sparkling 1942 models of the motor industry which in spite of the widely rumored shortage of various materials and metals appear to be even more beautiful and to disport even more sparkling white metal than the models of previous years. The show closes Sunday.

SWINE EXHIBIT FOR NATIONAL LIVESTOCK SHOW

SAN FRANCISCO — Early entries indicate that the Grand National Livestock Exposition will have one of the best exhibits of swine in the history of the West.

So stated George N. Keyston, president of No. 1-A District Agricultural Association, official California State agency sponsoring the Exposition. The Grand National is expected to draw the finest beef and dairy cattle, horses, swine and sheep in the country to the dedication of San Francisco's "Cow Palace," November 15 to 22.

More than $72,000 in cash premiums will be awarded in the three major divisions of the exposition —livestock horse show and rodeo. Of the $47,341 set aside for all livestock, $6,474 has been allocated to the hog division.

Mr. and Mrs. Joseph Perry, Albert Martin, Adeline Amaral, Mr. and Mrs. Lawrence Albert were among the large crowd attending the auto show in San Francisco over the weekend.

Mrs. Manuel Soito visited R. Trogden and son and Mrs. Roganie Underwood in San Jose on Monday. Mrs. Soito returned recently from a several weeks visit with relatives in Rhode Island.

Manuel Guardanope of Newark is now employed at the Edward L. Rose feed store in Irvington.

Mrs. Mary Bettencourt, who is spending several months in San Leandro visited in Irvington this last weekend with relatives and friends.

The Jolly 8 club held their third meeting on Wednesday at the home of Mrs. W. Z. Foster.

Agnes Raymond and Eleanor George visited friends in San Francisco on Sunday.

Mrs. Mary McKonkey has been confined to her bed for several days due to a slight illness.

Sergeant Robert Dukatnick of Hamilton Field spent the weekend with his wife, Mrs. Gloria Dugatnick here.

Many Irvington people attended the game at Palo Alto between Stanford and U. S. F. on Saturday.

A large group of Irvington residents attended the Washington High-Gilroy High school football game which was held at Gilroy last Friday evening.

Dr. E. M. Grimmer has returned after a ten day vacation in Northern California and Oregon on a hunting trip.

Twenty members of the Z. A. club attended a luncheon given at the home of Mrs. L. H. Adams on Thursday. The table decorations were carried out in Halloween motif.

The St. Jude institute Y.L.I. of Irvington are planning to attend mass at St. Josephs Church in Mission San Jose in a group on October 28. Mary Borge was elected outside sentinel at the last meeting of this group.

CENTERVILLE

Miss Maxine Mau
Correspondent

Dr. and Mrs. S. Burdo are the proud owners of a brand new 1942 Chevrolet sedan.

Tom Sinclair, U.S.N. visited friends in Centerville the latter part of the week. He is on a fourteen day leave from the Naval Training station in San Diego where he has been training for the past six months.

Washington High won their second game Friday when they played Gilroy by a score of 26 to 0. Outstanding players of the game were Ken Hallen, Mel Leal and Gallo Martinez. Their next game is at Los Gatos at 3 p.m. Friday against the Los Gatos Cats.

James Emerson Jr. is now employed at the Associated Oil office in San Francisco.

Jack Myrick of Niles is working after school at Kleines Restaurant.

Mr. and Mrs. Homer Swift and Mr. and Mrs. Louie Fonseca of Hayward visited Fort Ord on Sunday, which was visitors day. Many other Centerville people also visited the Fort.

Mr. and Mrs. "Shorty" Souza are accepting congratulations on the birth of a baby girl Monday. Mrs. Souza is convalescing at the Hayward hospital.

Many Centerville people attended the Swiss Barn Dance at the Swiss Park in Newark Saturday evening.

Mr. Frank Reichmuth and Miss Margaret Schelbert will be married Sunday at the Holy Ghost Church in Centerville.

TRUCK OWNERS ASKED TO FILL IN QUESTIONAIRES

(Special to the Register)

Beginning today truck and bus owners of Alameda County will receive questionaires from the Department of Motor Vehicles designed to provide pertinent information relative to transportation facilities available in this area in case of invasion by an enemy power, disaster or other emergency.

The inventory is being made at the request of the Highway Traffic Advisory Committee to the War Department and the National Defense Advisory Commission as a part of the national defense program.

The questionaires are to be returned to the Department of Motor Vehicles in franked envelopes provided for that Purpose. Truck and bus owners will be asked to give a physical description of the vehicle owned by them, number of axles and wheels, body types laden weight, where stored, whether available for lease in case of emergency, etc. Upon their return to Sacramento they will be checked and tabulated according to each section of the state so that a complete list of available vehicles for each area may be made.

An appeal to truck and bus owners to fill out the questionaires promptly and mail them to Sacramento was made today by James M. Carter, Director of Motor Vehicles.

Carter estimated there are some 500,000 trucks and buses in the state to be counted under the inventory. "This is an important part of the national defense program," Carter declared. "It is the patriotic duty of every truck and bus owner to comply."

SALMON CATCHES NOW BEING TAKEN

SAN FRANCISCO — Good catches of salmon are now being taken in the larger rivers in the state, according to wardens of the California Division of Fish and Game. In the northern part of the state the Noyo Big and Klamath rivers are producing excellent fishing and limits of salmon are being taken out of Cache Slough, the Sacrmento and San Joaquin rivers. In the Mokelumne River trolling in the vicinity of Thorton, Millers Crossing and the Benson Ferry Bridge has been most successful.

Salmon fishermen are warned not to fish on salmon spawning beds declared closed by order of the Fish and Game Commission.

CENTERVILLE ELEMENTARY SCHOOL NEWS

The students of the Centerville Elementary school enjoyed a Columbus Day program presented by the fifth grade class under the direction of Mrs. Cecile Whitaker on October 9.

* * *

Mr. Fox, of the Pacific Gas and Electric Company, showed the students a motion picture entitled "Industries of a Fruitful Land," on Monday afternoon, October 13. The picture showed the industrial greatness of California.

* * *

The eighth grade class is sponsoring a benefit show that will be given in the Centerville Elementary school Auditorium on Thursday evening, November 6, at 7:45 o'clock.

The committee in charge of arrangements is composed of Arthur Thomas. Annette Kirkish, Jacquelyn Kitchings, Alfred Gomes and Bernadine Francis.

STATE MAY OPERATE ON CASH BASIS STARTING IN JULY

State Controller Harry B. Riley predicted today that California will be out of the red by next July if the State's present financial trend continues.

Citing figures to show rapidly improving conditions, Controller Riley said that if revenue continues to roll in as at present and there are no special appropriations by the legislature the state will start the new fiscal year on a cash basis.

In the three months prior to October 1 the sales tax produced $9,264,191 more than in the corresponding period last year. Expenditures were lower, due principally to the abandonment of the unemployment relief program, Riley said.

As a result the general fund cash deficiency dropped to $34,718,560 as compared with $68,854,082 on September 30 last year, a reduction of $34,135,522.

ALAMEDA COUNTY ASSESSED UNDER HALF BILLION

Assessed valuation of Alameda County totaled $464,426,865 on September 2 of this year, it was announced in Sacramento today by State Controller Harry B. Riley.

The Countys' taxable wealth thus increased from last year's assessed valuation of $455,205,215 Riley said.

Indebtedness of the county was shown by the Controller's report to total $4,805,737.

Combined assessed valuation of California's fifty-eight counties was reported to total $7,350,926,865, an increase of $212,305,608 over that of a year ago. The combined indebtedness amounted to $160,809,819, a drop of $15,994,582, Riley said.

Miss Yvonne George of the Irvington Hotel is spending a few days with relatives in San Francisco.

Wesley Merrill is recovering from head injuries received in an automobile accident several days ago.

LEADS LAWYERS

Philip H. Angell, of Berkeley, member of the San Francisco law firm of Athearn, Chandler and Farmer, elected President of the Board of Governors of the State Bar of California at the Bar's Yosemite National Park convention. A graduate of the University of California and Harvard Law School, the new Bar leader succeeds Loyd Wright of Los Angeles.

Tony DeValle of Newark and Mr. and Mrs. James Meyers of Oakland are spending a few days at the Meyers Ranch in Humboldt County.

OUT YOU GO!
YOU OLD CHEAT...
IT IS HUMAN to become sentimentally attached to a faithful old kitchen stove. You learn its tricks—you forgive its faults. But compared to modern CP Gas Ranges any old stove is just an old cheat.
The modern gas range is not only a marvellously better-looking, it is definitely a better-cooking home appliance. It's fast . . . it's economical . . . it's as easy to clean as a china plate. It never cheats you on correct cooking heat for perfect frying, baking or broiling. Its insulated oven eliminates hot and cold spots, permits the new low-temperature cooking that reduces meat shrinkage and saves you money by making inexpensive cuts of meats juicy and tender. Simmer top burners make possible waterless cooking which saves healthful vitamins and food values in stewed fruits and vegetables.
Buy a Gas Range for Cooking Performance. The CP seal guarantees to you that 22 of newest gas range features have been combined in one range. When any manufacturer meets these 22 points of superiority, his range is awarded the CP seal. Certified Performance Gas Ranges are on inspection everywhere. See them today. Buy Now and Save.

WAR WITH JAPAN SOON?

Seems likely . .

Says the man on the street: Japan is leading with her chin again , . seems to want the U. S. to slap her down. Let's be at it.

Say the naval experts: It will take about two weeks; let's go.

Says Senator Nye: War with Japan? I don't believe it would be a bad thing for us.

. . Just a sort of whetting our steel for Hitler. A war of about as much importance as the "spiggoty" war of 1898 or its predecessor, the Mexican War of '48.

Late last week Konoye, the last bulwark in Japan against war, and his peace party fell . . The war party leaped into the saddle, eager for war, but they don't know against whom: the Russians in Siberia, the Dutch in the East Indies, the British at Singapore, or the United States in the Pacific.

Anyway, the more they start the less they can finish — and Japan is stripped of manpower and money after six years of the Chinese "peace with a sword" undertaking.

Their emperor, Hirohito, is supposed to have taken charge of his country a month ago. If he has, it has not made any change in the current situation.

The great lesson the Japanese leaders (not the unfortunate populace) have to learn is that Jesus is the ONLY "son of heaven:" not their aloof little emperor — who really does not know what common life on earth is all about.

* * * *

There is something significant but generally overlooked in the fact that more than a month ago our President ordered our navy to shoot nazi "rattlesnakes" on sight. There have not been any more sinkings of American vessels — and the nazi rattlesnakes seem to be staying on their own side of the Atlantic. Indicating that not only the German people, but their military madmen have a wholesome respect for the might of America.

The United States has never yet lost a war: this is still God's country, founded in Him and dedicated to Him —and if we have to wade into this latest war, he will help us to win it. And, down in their boots, every foreign nation knows it.

As the British said more than a year ago: let's get along with it.

— Buy Defense Bonds and Stamps —

Save a dime a day and one dollar on your birthday. At the end of a year for your $37.50 you can purchase one $50 (maturity value) Defense Savings Bond.

NEARING THE BRINK . .

Pacifists are funny people . . Granting that any sane person prefers peace to war, and granting that the greedy foreign powers can permanently secure additional "living room" by purchase rather than by conquest . .

Can the United States stand idly by while Japan steals our rubber and tin supply in the Dutch East Indies?

. . or while the Japanese rope off the Japan sea (at Hitler's orders) in order to stop our flow of supplies to Russia?

Are we men or are we mice?

When you see a gunman coming do you idly wait for him to stick a gun in your ribs, knowing he is going to rob you of all he can get?

Editorial Page of the Township Register

Americans still have red blood, and this is a virile, MAN'S country. The United States happens to be the most powerful nation on earth. The minute we start taking orders from anybody, we become vassals.

To quote Kipling: Do as you be done by, — but DO IT FIRST!

— Buy Defense Bonds and Stamps —

"THEY WHO ARE NOT FOR ME . ."

Japaneses citizens living in America are being given their chance right now to choose whether to return to Japan and fight for their emperor, or remain in the United States and fight for Uncle Sam. Outside of diplomats and shaky Japanese business representatives, hardly any Japanese are giving up their happy lives in free America. America is now HOME to most Japanese.

Sunday night at the instigation of the Eden Japanese Association a great mass meeting was held at Ashland under the supervision of Sheriff Jack Gleason, at which members of the association volunteered to help the sheriff's office with civilian defense work.

Said the true "Son of Heaven" 19 centuries ago: "They who are not for me are against me." This is God's country and native Americans will welcome the comradeship (and if need be — fighting qualities) of loyal Japanese who pledge allegiance to the Stars and Stripes and back it up with their tongues, their hearts, and if need be: their lives.

According to local businessmen: OPM means "O, Promise Me!"

THE REASON FOR PRIORITIES

Township businessmen are often asking the following question:

In the last war, with more than four million American soliders under arms we had no material shortages and no priorities governing purchases of materials for civilian use;

In this war, with only a little over a million men under arms, we are already having priorities, and we are not yet at war. Why?

Your humble scribe's guess would be that this is a mechanized war. In the last war I was a sergeant driver of heavy tanks, yet in five months of training on this side and nine months spent overseas I never so much as saw a tank, let alone drove one. In the last war the tank corps had no tanks (though they were on the way when the Armistice was signed.)

In this war every seven or ten men now in training in tank warfare are getting, or will get, actual combat tanks to operate. To produce this vast number of mechanical units such as tanks, airplanes, anti-tank guns, machine guns, etc. not to mention bombs and other munitions, all our metal resources are being drained. Therefore the civilians have to do without.

In the last war half a dozen planes was a formidable unit. Now nothing short of a couple of hundred bombers and fighters amounts to enough to even consider in offensive action. Twenty years ago a good bomber, the Martin cost $30,000. The armament alone on modern bombers costs that much. The bomber itself cost from a quarter to a half million dollars.

Such is the "glory" (?) of war, 1941 style . . and hence the necessity for today's priority restrictions.

We can take it and grin! — W.W.

— Buy Defense Bonds and Stamps —

MORE MONEY NEEDED FOR HIGHWAYS

SACRAMENTO — Meeting here recently for the first time since its creation by the last legislature, the Assembly Interim Committee on State Highways, County Highways and City Streets considered grave problems which are facing the Division of Highways as a result of the National Defense program. The committee received from Frank W. Clark, Director of Public Works, a comprehensive report on California highway needs and problems prepared by C. H. Purcell, State Highway Engineer.

The report is coincident with the edict of the Supply Priorities and Allocations Board forbidding the starting of any public or private construction which would use materials essential to national defense or to public health and safety, the effect of which probably will curtail or halt secondary road work throughout California.

Members of the committee are S. L. Heisinger, Fresno, Chairman; Charles W. Stream, San Diego; and Gordon H. Garland, Tulare County.

Lack of funds, says the Purcell report, which was given to Governor Olson by Clark, will delay the improvement of California State highways on the War Department's National Defense network to standards stipulated for military use.

The report says that present funds of the Division of Highways are not sufficient for additional work on the defense network and that no estimate for defense highways has been included in estimating future construction requirements.

"The Division of Highways," the report recites, "has estimated that the cost of improving the strategic network would approximate $150,000,000 for 5.887 miles. In some respects it is found that standards of design for strategic highways are higher than the requirements set up for the rural State Highways. A portion of the cost of improvement of the strategic mileage, possibly 1,147 miles carrying 1,000 or more vehicles per day, might be taken care of in the regular course of improvement of the rural State System, but construction on the remainder of the inadequate mileage would probably be delayed indefinitely, as it is made up of low traffic volume highways."

The necessary cost of further improvements on strategic highways already considered adequate for civil use, the report declares is "in the opinion of the State, a primary responsibility of the Federal Government."

But, without deference to defense needs, the report lists 8,231 miles of rural State Highways considered inadequate for present civilian traffic, besides 928 narrow or unsafe bridges and 270 dangerous railway grade crossings.

Where to get the $442,500,000 required to reconstruct the rural State Highway System to carry normal civilian traffic in the next 10 years is the chief worry of the Division of Highways, according to the report. And it is pointed out that available construction funds in the next 10 years fall approximately $251,600,000 short of the required amount.

So, the report concludes, even the most urgently needed construction work cannot be done without additional finances. Alternatives are suggested in the report, but it is also pointed out that these would ultimately aggravate the already serious deficiencies in the system and be costly and uneconomical in the long run.

Human pride is human weakness. Self-knowledge, humility, and love are divine strength.

PERSONALLY SPEAKING

By: Your Editor.

BUTTONS — And how is your supply of lapel buttons today?

Following is a suggested schedule of when to wear them:

Monday — U. S. O.

Tuesday — British War Relief.

Wednesday — I gave to the Boy Scouts.

Thursday — Fight for Freedom (V) . . . —

Friday — U. S. Navy.

Saturday — Red Cross.

Sunday — I attend Church.

. . when bigger and better charities are developed, new buttons will be issued. Or: as the number increases, start wearing buttons in both lapels!

—ww—

COST — If folks want to know how much the 50 BILLION dollars is which the President says we must spend for defense in 1942 consider that ALL the property of Alameda County is assessed at less than half a billion dollars; and all the real estate. improvements and personal property in all of California is only assessed at seven and one-third billion dollars.

So seven times the value of the State of California is to be chucked into the maw of war next year.

Just how much longer is that beast Hitler going to rove at large? Isn't there one bullet somewhere Mayor Cermack of Chicago — and which can find him? Remember Hooey Long?

—ww—

NECESSARY — Although folks here and there do not regard their local newspaper as any importance to them, the United States government last week classified all publishing businesses and print shops as one of the 20 INDISPENSIBLE Industries of the nation.

Try and get along without the dissemination of news, and of printers' services.

Just try!

—ww—

BOUNCE — Two reputable local business people — who should know better! — have offered this newspaper. in payment of bills, checks which were no good.

This is a serious matter.

In fact, if the receipient of checks which "bounce" wishes to become nasty about it the drawers of such checks can be hailed into court on misdemeanor charges.

Any business person who does not know what his or her balance in the bank may be, should not be in business. Money is the life blood of business: as the blood goes so goes the business.

NEWARK SCHOOL NEWS

For the first time in its history the Newark School is publishing a school paper entitled "The Herald." The eighth grade is in full charge assisted by Pdincipal Jack MacGregor. The paper, which contains of four pages. is usually limited to school activities only. The copies are printed on a mimeograph duplicator consisting of black ink.

The staff consists of John Warren Pigeon. editor; Leona May Miller, feature writer; Shigihara Nakiamura. cartoonists; Loretta Caldeira. Evelyn Santos, Eugene Mendes, Everett McNulty Mary Toledo. and Harold Caldeira reporters; Joe Machado, scout reporter; Lloyd Darneal, sport reporter; Stell Correa, Joke reporter; and Ruiji Hanamoto and Jack Stadler, production staff.

The Newark school is now planning a Hallowe'en Assembly for October 31 and a Hallowe'en party in the different classrooms.

The lightweight touchtackle football team lost their third straight game to Irvington Tuesday by a score of 12 to 0 played at the Irvington grounds.

Students in the fifth grade last week were shown moving pictures by their teacher, Mrs. Elsie Merritt of her recent visit to Alaska.

The sixth and seventh grades saw the following still pictures Monday: "Oil Wells," "Ship Building," "Birds," and "Beasts of Burden."

The four upper grades of the Newark School witnessed the following moving pictures Wednesday in the school auditorium, "Jungle Yachts in the Belgian Congo," and "Lodging in the Jungle."

The first grade on Thursday saw a motion picture entitled, "Animals."

On Thursday the upper grades saw moving pictures taken in Africa showing different kinds of wild animals. The picture was shown through the courtesy of Mr. Lindsay.

The Newark School library received a consignment of interesting and educating books last week.

The sixth, seventh, and eighth grades of the Newark school have entered a Fire Prevention Essay Contest. Three of the essays will be entered in the Alameda County Essay Contest.

40,277 DEER SHOT IN 1941 SEASON

SAN FRANCISCO — Deer season closed in California on October 15. Tags are still being received by the Division of Fish and Game and to October 18, 40,277 deer had been reported taken during the season. Several hundred tags are coming in each day, but it is expected that the final count will be below that of last year. Many attribute this lesser take to the fine weather conditions that prevailed throughout the season and the fact that there was plenty of feed and water everywhere.

The shortened season in southern California is also a contributing factor to this decrease.

EXPERT TELLS OF ECONOMIC ILLS OF WAR

(Contintinued from page one)

denomination bonds as personal investments.

Printing money concentrates money in the government; selling non-defense bonds concentrates ready cash with the government and the banks; the defense bond issues call on the people for money. Thus the people bear the burden of cost now, and taxes impose this burden rationally. Naturally, he said, the wage earners will bear the greatest share of the tax burden as there are so many wage earners.

Rising prices are self-rationing, and rationing invariably develops bootlegging, he stated. Inflation will unavoidably result from our armament effort because production is falling. incomes are rising. resulting in rising prices, which in turn results in inflation.

Because the government cannot put a ceiling on wages or on farm products, the distribution of the costs of war becomes haphazard. The prevention of inflation is always a painful process and can best be done by increasing taxation.

— Tax Limitation

Higher taxes tend to hold down inflation, but legislators hesitate to impose too heavy taxes lest they alienate their constituency, he concluded.

The speaker was introduced by Forum Chairman Jack Rees, who conducted the question period following the address. Next Monday evening will bring back the popular forum speaker, Dr. Robert Koerner, professor of European History at U. C. who will speak in his usual humorous vein on What Kind of Peace May we Expect if Hitler Wins? If the Allies Win?

(Editor's note: persons who miss these weekly addresses are missing intellectual treats, and are denying themselves rare opportunities for improving their grasp of the current confusing world situation.)

MISSION SAN JOSE

Miss Ruth Justus
Correspondent

The Rosarians of St. Joseph's church her eheld a business meeting Sunday morning after the early mass to make plans for their annual breakfast to be held at 8:30 on October 26 in the parish hall. In the afternoon of the same day there will be a reunion of all members at the Dominican Convent at 2:30 p. m.

Miss Olive Hyde of San Francisco is spending the week at her summer home here getting things in readiness for the winter season. Herman Mederios will look after the place this winter.

The committee of St. Joseph's Church which has charge of the annual bazaar is making plans to get things underway soon for a bigger and better bazaar to be held at a later date.

Gus and George Hausler of Davis were recent visitors here. They spent some time at the homes of old time friends as they were residents here some years ago at what is now the Joe Santos home.

Mrs. Ernest Frei, Sr., received word one day last week from Mrs. Freida Zhender that she is again married and living in Oakland and expects to come to the Mission soon to visit her friends here. She was married at Reno to a Mr. Hart, an Englishman living in Oakland.

Mrs. Margaret Bunting of San Jose, owner of the Mission Hereford Ranch here spent Tuesday at the ranch on business.

Anthony Santos and several of his friends returned from a very successful duck hunting trip on Friday.

Mrs. Eleana Perriera has returned to her Palm Avenue home after several weeks spent convalescing at the Frank Castro home here. following an operation on her foot. She is already beginning to use it and shortly hopes to be up and around for good.

Margaret and Gilbert Mora are now at Monterey where they are employed at a fish cannery.

Mrs. William Lawrence is spending several weeks at the home of her daughter, Mrs. Leonard Amaral of Sunnyvale. She is caring for her grandaughter, Rose Marie who has been quite ill for some time.

Miss Viola Enos of Selma is vacationing at the home of her brother and family, Mr. and Mrs. Thomas Semas here.

Louie Souza, Jr., is the proud owner of a new 1942 Plymouth.

Mrs. Florence Castro is suffering from a badly bruised hand which she received as the result of getting it caught in a washing machine wringer.

Joseph Perry, Frank Castro, Manuel Silva and Joseph Azevado attended the Wednesday night wrestling matches in San Jose.

Mrs. Margaret Moore McClure left Tuesday for Piedmont where she will spend a few days at the home of her son and wife Mr. and Mrs. Stuart McClure.

Reverend Mills of San Jose, at whose home Miss Nelle Warren resides while attending State College spent Sunday here visiting the old Mission and other places of interest.

An early morning fire alarm routed out our firemen on Tuesday. They were called to help the Irvington department at the home of Frank Dias on the Mission-Irvington Highway. His home was damaged quite badly from a fire that apparently started in the cellar.

Among those who attended open house at Fort Ord on Sunday were Mrs. Rose Rogers and daughter Lorraine, Mr. and Mrs. Manuel Semas, Hazel and Lester Semas and Mr. and Mrs. Manuel Brown, who accompanied the Semas.

Harley L. Justus, who is employed in Sacramento at McClellan Field spent the wekend at the family home here. On Sunday the family motored to Fort Ord where they were the guests of Robert Smith and Harold Lee of the 147th Infantry. They dined at the mess hall with the soldiers and in the afternoon watched the army in action. Mr. Justus returned to his work on Monday morning.

Mrs. Edwin M. Fisk is reported a quite a bit better at the San Jose hospital this week but will be there for some time yet, according to her husband.

RECRUITS FROM OVER JORDAN

The Free French forces that lately, with the British, defeated the Vichy government's troops in Syria, were reinforced by these tough Circassians, who rode many miles over high mountain ranges and finally swam the Jordan before reaching the Allied lines. Their regiment was raised by Colonel Philibert Collet, as famous among the Syrians as Lawrence among the desert Arabs. Colonel Collet could not stand the sight of Syria being converted into a Nazi base for use against France's former Allies, and led his men into Palestine, whence he launched a stirring appeal to the French Army of the Levant, not to allow itself to be made the tool of the enemy.

STAGGERING TAXES FACE AMERICAN PUBLIC IN FUTURE

San Fancisco, — Federal tax collections under the new 3,500,000,000 revenue bill will amount to mort than twice the total collections made during the peak of the world war period. While the new revenue bill will call for great personal sacrifice on the part of all citizens of the United State, consideration must be also given to economics by non-military departments of the government, Sidney M. Ehrman, Chairman of the State wide Tax cammittee, California State Chamber of Commerce, warned in a statement issued yesterday.

In a study of federal financing for both defense and non-defense purposes made by the tax department of the State Chamber, it is revealed that during the fiscal year of 1941-42 estimated War and Navy Department expenditures will total $14,035,000,000, and expenditures for civil functions of the government will amount to $6,891,000,000. The total for the year is estimated at 20,926,000,000.

In the past twelve years non-military expenditures of the Federal Government have risen from $2,819,000,000 to the estimated 1941-42 total of almost seven billion dollars. The peak year for civil expenditures was reached in 1935-36 when the total was $7,517,694,648. As compared with tne fiscal year 1940-41 non-military expenditures will show an estimated increase of $487,000,000.

MARINE CORPS OFFERS RECRUITS "PICK UP" SERVICE

To contact eligible men of this community, including those registered for selective service, the United States Marine Corps is pleased to announce new recruiting facilities according, to Postmaster Ed Enos.

The San Francisco Recruiting Station has stationwagons and competent drivers to personally interview all men in their homes, who will write to the U. S. Marine Corps Recruiting Station, Room 46, Federal Office Building, San Francisco. Those men apparently qualified and desiring to enlist will be furnished transportation to the nearest recruiting station, board and lodging while there, and return transportation to their homes, if not accepted.

Applicants must be single, without dependents, and between the ages of 17 and 30; and 64 to 74 inches in height. The Marine Corps now offers a choice of enlistment terms. Applicants may now enlist for the duration of the present emergency, or for a period of four years.

SLOW DRIVERS MUST SPEED UP OR LEAVE HIGHWAY

SACRAMENTO — The Department of Motor Vehicleslaunched a blitzkreig today on slow drivers who impede traffic and increase the hazard of accidents.

A bulletin issued under the direction of Director James M. Carter instructed traffic officers to order vehicles to the extreme right hand edge of the highway that travel so slowly they hold up traffic.

Carter, asked public cooperation in the enforcment of the order which applies to trucks and other commercial vehicles as well as reg ular passenger car traffic.

The bulletin stated thatdrivers of many slow moving vehicles are responsible for accidents and for dangerous driving habits. It held motorists have a legal right to drive at speeds specified and under conditions set forth in the Vehicle Code.

Members of the Highway Patrol were declared by Director Carter to have ample athority to order "slow poke" motorists to speed up or get off the highway under Sections 135 and 525 of the Vehicle Code empowering officers to expedite traffic and requiring motorists to drive as close as practical to the right-hand curb or the edge of the highway.

Attention also was called by Carter to Section 514 of the Code prohibiting the operation of vehicles on the highway at a speed "so slow as to impede or to block the normal and reasonable movement of traffic. . . .. "

DEFENSE BOND QUIZ

Q. How do I get the highest return on my investment in Defense Savings Bonds?

A. By holding each Bond for its full term of years you will secure the full maturity value. A Defense Savings Bond of Series E increases in value 33⅓ percent if held for 10 years.

Q. Is the Government concerned over whether I buy my Defense Savings Stamps at post offices, banks, savings and loan institutions, retail stores, or elsewhere?

A. No. The Government is interested in having as many persons as possible take a hand in the National Defense Program. Toward that end the Treasury is making Bonds and Stamps available for purchase in the largest number of places possible.

Note — To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C. Also Stamps now are on sale at retail stores.

MARKENSTEIN, Deceased, to the creditors of and all persons having claims against the said decedent, to within six months after the first publication of this notice, either file them, with the necessary vouchers, in the office of the Clerk of the Superior Court of the State of California, in and for the County of Alameda, or present them, with the necessary vouchers, to me at the office of Allen G. Norris, Centerville. California, which place the undersigned selects as the place of business in all matters connected with said estate.
EMILY FISHER MARTENSTEIN

Executrix of the last Will and Testament of Clarence Edward Martenstein, who was also known as Clarence E. Martenstein, also as C. E. Martenstein and also as Clarence E. Markenstein, Deceased.

Dated at Centerville, California, October 1, 1941.

Date of first publication: October 10, 1941. Last publication: November 7, 1941.

UNIVERSITY CLUB STARTS MEMBERSHIP CAMPAIGN MONDAY

The University of California Club of Washington Township opens its annual membership campaign Monday with Ed Enos, Niles Postmaster, heading the committee in charge.

Also on the committee are Reverend Jackson L. Webster, Newark; Mrs. Minerva Reese, Centerville; Yoschi Kawaguchi, Centerville and Earle Hellwig, Alvarado.

Other committees announced by President Stuart McClure are scholarship: Mrs. Herbert Harrold, Mrs. Joseph C. Shinn, Jr., and Mrs. George Goodale; and program: Mrs. Joseph C. Shinn, Mrs. James R. Whipple, and Judge Allen G. Norris.

Annual banquet and meeting of the club has been scheduled in Washington Township for the week preceding the Big Game in November.

MORE OPINIONS FROM THE 'ISOLATIONIST' BELT

EARL RICHERT, writing in the Indianapolis Times, INDIANA: "Stories which are popping up frequently in Indiana State newspapers about such-and-such a union local adopting anti-isolationist resolutions are causing Hoosier politicos to 'sit up and sniff the wind.'"

WINDOM Reporter, MINNESOTA: "We have practically gone through a political revolution and lost our liberty for the present, and we are at war. And right now it is up to us to decide the old question of a united front within our country, America — right or wrong."

E. F. DOYLE, Portland, OREGON: "There is only one stand we can take, and that is to support the President in a program of national unity We must have national unity and we must support the Government."

CATHLAMET Eagle, WASHINGTON: "The sooner the governments of Japan and Hitler are given to understand that the whole naval force of the United States will be devoted to the task of freeing the seas of piracy, the better for the Union and the world."

MENS CLUB HEARS FINE ADDRESS BY NOTED RADIO MAN

75 MEN ENJOY EXCELLENT REPAST PREPARED BY NILES CHURCH WOMEN

CENTERVILLE — Seventy five civic leaders of our communities "put their feet" under attractively decorated tables in the high school cafeteria Thursday night of last week to enjoy the first fall meeting of the Men's Club of Washington Township.

A dozen ladies of the Women's Guild of the Niles Congregational Church under the direction of the president, Mrs. E. C. Dawson, served a sumptuous (some said "scrumptious") baked ham dinner with all the trimmings.

Program Chairman W. T. Lindsay introduced Eagle Scout Roy Howland of Oakland who favored with several numbers played on an electric steel guitar. Guests were introduced; Reverend J. L. Webster of Newark was voted into membership, and Loren Marriott announced the Township Community Players were presenting a Township-wide minstrel show some time in November as a benefit for the Township Scouts' camp fund. Rehearsals are now being held each Tuesday night.

— Plan Open House

Chairman J. V. Goold announced the Country Club of Washington Township would hold open house for the men on Tuesday, November 4 with music and light refreshments served at their clubhouse here.

New officers elected for the coming year were Jack McGregor, president, W. T. Lindsay, vice president, L. W. Musick relected secretary and John E. Dutra, treasurer. The vote was unanimous.

Fine moving pictures of the tenth Gatti expedition on a 10,000 mile jaunt through the Belgian Congo were shown, with some unusual closeups of African wild animals thrown on the screen.

Coach Judd Taylor made some apt comments on athletic activities at Washington High school, stressing clean sportsmanship as the chief objective.

The speaker of the evening, Don Thompson of sportscaster fame then took the floor and rambled on for half an hour describing his work and citing interesting sidelights. He spent another half hour answering questions proposed by his hearers.

— Made All-American

Thompson, now a lieutenant on duty with the U. S. Navy has been on the air for nine of the past 13 years. He graduated from the University of Redlands, made the All-American team, played some pro football with the famous Brick Muller, and now plays the "banquet circuit." He complimented the Niles Church ladies on their fine dinner, which was especially well handled, with everything served hot, and no waiting between courses.

He said broadcasting games costs the Associated Oil company upwards of half a million dollars per season, and he has called off as many as 24 games in a football season.

He referred to the morning advertising programs on the radio as "soap operas" and says the customers endure them because they like and use the products so advertised.

His informal manner was greatly enjoyed by his hearers.

RURAL FIREMEN SEEK ADDITIONAL FIRE EQUIPMENT

As a further step towards securing the safety of Southern Alameda County under emergency defense conditions, the firemen of Washington Township at a recent meeting held in the Niles fire house, recommended to the board of supervisors the purchase of four additional pieces of rural fire fighting equipment, listed as follows:

A water carrier to be stationed at Livermore; a range grass fighter at Altamont; a light pick-up truck at Sunol and a 500 gallon pumper with an 150 gallon auxiliary pumper and a 300 gallon water tank, to be stationed at Hayward.

Southern Alameda County has suffered more range and grass fires than usual this year and the type of fire-fighting equipment now owned by the several community fire departments is not adapted to combatting hill fires, as was recently proven when the hill west of Niles caught fire.

The matter was brought up for endorsement at the county firemens' meeting held this week in Alameda with County President Matt Whitfield in the chair. Endorsement has already been received from the Farm Bureau, the Stockmen's association, and civic groups.

E. F. Glassbrook, manager of the Public Utility California Corporation at Niles attended the convention of Water district managers held this week in Fresno.

The Lion's Cubs Foregather

—Passed by Censor.

In this picture, typical of any of the air training schools in Canada, are seen (left to right) student airmen from Canada, Australia and New Zealand. They are enrolled in the British Commonwealth Air Training Plan, the most gigantic enterprise of its kind in the world. It is now turning out thousands of pilots, gunners and observers at about twice the rate originally planned for this time. The plan now has 116 establishments of all kinds including 83 schools from coast to coast. Its estimated cost for a period of three years is $824,000,000 of which amount Canada will provide $531,000,000 and also 80 per cent of the students. About 1,500 of the pupils trained or in training with the Royal Canadian Air Force are Americans and 600 American pilots are serving as instructors for the Air Training Plan. In addition to sending men overseas, the R.C.A.F., with planes on patrol duty throughout the Dominion and out to sea on both coasts daily, is a powerful factor in Canada-United States Defense.

FIVE GRID GAMES TO BE AIRED THIS WEEKEND

Five football games offer Northern California football fans an extremely full calendar of grid attractions this coming weekend, starting Friday evening October 24 with the meeting of the University of San Francisco and Brigham Young teams at Seals Stadium, San Francisco. Associated sportcaster Don Thompson will call the plays in the broacast over Station KQW, San Jose starting at 8:00 p. m.

Saturday afternoon the clash of California and Southern California at Berkeley offers the feature attraction. Associated sportcaster Doug Montell will describe the action commencing at 2:00 p.m. over station KFRC.

The Washington vs Stanford game at Seattle will be aired by Associated sportcaster Ted Bell beginning at 1:45 p.m. over Station KGO.

Santa Clara will play the Univesrity of Oklahoma at Norman, Oklahoma and this contest will be re-created by Associated sportcaster Carrol Hansen over Station KQW at 1:00 p.m.

Sunday the St. Marys vs Loyola game at Los Angeles will come to local listeners over Station KQW at 2:00 p.m. with Associated sportcaster Frank Bull at the Microphone.

HUNTERS GET LIMITS

NEWARK — Adolf Giseler, Jr., Frank Truppmann, and Joe Schmidt returned home Friday after spending two weeks deer hunting in Siskiyou County and duck hunting at Tule Lake. Each brought home a limit of ducks. Giseler shot a 160 pound deer; Truppman bagged a 170 pounder and Schmidt a 150 pound buck.

Read Your Paper Thoroughly

NILES SAILOR WRITES OF LIFE AT SAN DIEGO

The following letter was received at The Register office this week from Gilbert Wright, former printer-operator here, who joined the Navy several months ago and is in training at the Naval Training Station in San Diego.

The fact that mail going to, and returning from, ships at sea is being censored now, will be surprising news to every reader. But with two American vessels attacked to date, one damaged and one sunk, war-time restrictions have to be in force.

Young men who are hesitant about "getting their feet wet" by joining the Navy should read the following letter to see how interesting the life of a sailor in training can be.

The letter follows:

U. S. Naval Training Station
San Diego, California
October 18, 1941

Dear Mr. Waynflete:

It has taken me a long time to get around to writing this but I finally found time.

Yesterday I finished the 6 weeks training period and am now in T, or Transfer unit awaiting to go to school. At the present time I am on the list for aviation machinist at Alameda. But the way things have been going here they might send everyone to sea.

Last night five ships docked at San Diego -- every man available (even some that had not finished their training period) was told to pack. This morning the ships hoisted anchor with about 150 men. All liberty and leaves have been cancelled until further notice.

A brief outline of the training period follows: The first day had a complete physical, a typhoid shot and drew clothes — two sets of whites, two sets of blues, one dress blue, three towels, six sets underwear, two mattress covers, two pillow slips, two pair leggings, three pair shoes, three pair white socks, four pair black socks, Shoe brush, comb, hair brush, sea coat four white hats, one overseas hat, two neckerchiefs and a few things I can't think of at the moment. It comes to a total of about $125. Sea bag, mattress, dity bag and hammock.

There was a total of five shots in the arm — three typhoid — one yellow fever and a small pox shot. The first three weeks were spent in drills and marching, with and without rifles. Attended two or three lectures — also went through a gas chamber.

The next three weeks were spent mostly at lectures on seamanship. One day was spent at the rifle range.

Thursday the crew won a half mile race in 4 minutes, 45 (I was No. 1 portside — or left side in the bow). The St. Commander said we did better than some of the crews in the fleet. The boats are 30 foot whale boats, rowed by 12 men with a coxswain.

According to plans I am due at the Alameda Air Base on Sunday, October 26. The course is for 16 weeks with a 50 per cent of base pay as a bonas for all flying time. that to make a detailed report it would take pages— and anyway

There has been so much doing every time I sit down to write everything just seems to fade from my mind. Some day I will get out to see you, then I can give you a better picture of what happens at the training station.

Today I arrived on a scene just 30 seconds after a chief petty officer commited suicide — he stood in front of the chaplins office and shot his head off with a 30-06 service rifle. He just took charge of our baracks this morning. His wife and children died in a fire earlier in the day.

There is a big show tonight given by movie stars. The seats run from $1.10 to $3.30, so I'm not go-around looking, so I guess I will ing, but everyone is standing join them. Tomorrow they will give a portion of their show for those who couldn't go.

That wallet came in handy, thanks a lot.

Gil
U. S. Naval Training Station
San Diego, Calif.
Transfer Unit

—All mail to and from the ships at sea are censored. But not here at the station.

Several Niles friends of Mrs. Dwight Thornburg attended showers given in her honor recently. Mrs. Jack MacGregor of Newark entertained at a luncheon for Mrs. Thornburg on Friday and Mrs. Allan Hirsch of Irvington gave a tea for her on Saturday.

Mr. and Mrs. L. J. Duffie of Niles are driving a new 1942 4-door Dodge luxury liner.

AUTO SHOW STAR

Bob Hope, the nation's ace comedian and entertainer, is the featured attraction at San Francisco's 26th Annual Pacific Auto Show in the San Francisco Civic Auditorium, October 18 to 26, according to an announcement made yesterday by Auto Show Manager Tod Bates. Bob Hope will appear on the Auditorium stage twice daily, in the afternoon and evening, during the Auto Show which will feature the new 1942 models of the industry.

DR. R. KOERNER TO DISCUSS "PEACE" AIMS

CENTERVILLE — Dr. Robert J. Kerner returns to the Forum next Monday evening to discuss "What Kind of Peace May We Expect, if Hitler Wins? If the Allies Win?"

Professor Kerner served as an expert on the staffs of the Colonel House Inquiry and the American Peace Commission during 1917 and 1918. He has been an intensive student of European affairs for the past thirty years and is well acquainted with the problems "peace" will bring.

Forum members who heard Dr. Kerner two weeks ago know that another "treat" is in store for those who attend the Forum next Monday evening, at 8 o'clock in the High School Auditorium. These meeting are free and everyone is cordially invited to attend.

The Forum's purpose is to acquaint our adult citizens with the political, economic, and social problems of our time. Public support of these patriotic and educational meetings will make possible their continuation throughout the year.

A public card party will be held next Tuesday afternoon in the Odd Fellows hall at Niles by the Native Daughters Parlor at Niles. Refreshments will be served.
